

Vertical Sliding Windows

Traditional Charm. Modern Convenience.

Period character meets modern practicality with a vertical slider.

Traditionally manufactured from timber, our PVCu alternative offers many advantages over its predecessor whilst fully emulating its charm and sophistication.

An array of features makes the day-to-day operation of the vertical slider safe, easy and effortless.

Vertical Sliding Windows

01 Glass

Glazed using innovative thermally efficient glass, our windows will reduce your carbon emissions and your monthly outgoings.

02 Reinforcing

Steel reinforcing gives added strength and durability to products that may be exposed to wild and erratic weather.

03 Security

Our vertical sliding windows are fitted with a corrosion resistant, multi-point locking espagnolette which is Secured by Design.

04 Hinges

Hinges on the vertical slider allow for easy cleaning and a safe fire escape.

05 Astragal Bars (optional)

Externally mounted astragal bars add to the nostalgia by emulating traditional multi-pane timber windows.

06 & 07 Travel & Tilt Restrictors

Restrictors are fitted to allow ventilation without compromising on security, but can be overridden from the inside when required.

08 Sash Horns (optional)

Timeless sash horns are available upon specification.
